LLIS.gov Resources for Incident Management

A TOOL FOR ENHANCING NATIONAL PREPAREDNESS

Lessons Learned Information Sharing (LLIS.gov) is a US Department of Homeland Security/Federal Emergency Management Agency program. *LLIS.gov* serves as the national, online network of lessons learned, best practices, and innovative ideas for the emergency response and homeland security communities. This information and collaboration resource helps emergency response providers and homeland security officials prevent, protect against, respond to, and recover from terrorist attacks, natural disasters, and other emergencies. *LLIS.gov* provides Federal, State, and local responders with a wealth of information and front-line expertise on effective planning, training, and operational practices across homeland security functional areas.

LLIS.gov at a Glance

- Online since April 19, 2004
- Over 56,000 registered members
- Over 15, 000 documents, including more than 1,800 state and local plans, 850 after-action reports, and 1,000 original content documents
- Secure message boards and collaboration tools
- Targeted information on current homeland security topics

LLIS.gov's INCIDENT MANAGEMENT PAGE

LLIS.gov's Incident Management page is a source of research, documents, and other information that can help emergency responders, managers, and planners prepare for incidents of all types, sizes, and levels of complexity. Some of the content available on the Incident Management page includes:

- National Incident Management System (NIMS) implementation resources;
- Recent reports, guides, and research analyses;
- Documents on incident command, incident site management, and related topics;
- The Incident Management Forum (a discussion board for members); and
- Related links.

INCIDENT MANAGEMENT DOCUMENTS

The *LLIS.gov* Incident Management page offers a searchable directory of related documents, plans, guidelines, after-action reports, and original content, including:

- Connecticut National Incident Management System Implementation Plan
- Emergency Management: Providing Dedicated Support to Executive Decision Making during Incidents (Lesson Learned)
- Family Reunification: Developing a Coordinated Regional Approach and Plan for Large-Scale Incidents and Special Events (Lesson Learned)
- Incident Site Safety Planning (Best Practice series)
- Joint Field Office Activation and Operations: Interagency Integrated Standard Operating Procedures
- National Response Framework
- Typed Resource Definitions: Emergency Medical Services Resources (FEMA 508-3)
- Updated Guidelines for Mass Casualty Decontamination during a HazMat/WMD Incident
